MEDICAL TOURISM

Welcome to **Metro Pavia Health System**; the largest private hospital chain network in Puerto Rico and the Caribbean. With more than 25 years of vanguard in quality, technology and healthcare services for medical tourist in the Caribbean and the rest of the World, we solidify our commitment with local and abroad patients. The Medical Tourism Association (MTA) consolidates this hospital conglomerate as the network with most accreditations. The Joint Commission on the Accreditation of Healthcare Organizations (JCAHO); as well as their Clinical and Pathological Laboratories accredits all hospitals with The International Patient's Services Certification. We are privileged to possess an excellent Medical Faculty, Board Certified and all are completely bilingual.
